What's New

Academy members and students, welcome to the Academy of Dog Training and Agility's newsletter, "The Academy Times." Through this and other venues, we will strive to keep everyone informed of what's going on at the Academy and in the Dog Community.

There are a number of ways the Academy is now offering to share and display information.

1. Look for us on [Facebook](#).
2. [Read our Blog](#)
3. Follow us on twitter @AcademyofDog

And use #Academyofdogtraining if you want to tag the academy.

4. Use our [Video Services Site](#)

The videos are organized into playlists for easy

navigation, based on discipline, event, and date.

Let us know your feedback, and if there is any other venue you would like us to use, to share information.

New Law Passed in NJ Affecting Dog Owners

For all dog owners who trial/show in, travel through, or visit NJ this new law affects you! NJ in an effort to make travel with animals safer has passed a law that requires animals to be restrained while being transported in a vehicle. “4:22-18. A person who shall carry, or cause to be carried, a

living animal or creature in or upon a vehicle or otherwise, in a cruel or inhumane manner, shall be guilty of a disorderly persons offense and punished as provided in subsection a. of R.S.4:22-17.” “Under state law, they (the Society for the Prevention of Cruelty to Animals reps) noted,

NJSPCA officers can stop a driver they believe is improperly transporting an animal. Tickets can range from \$250 to \$1,000 per offense, and a driver can face a disorderly person's offense under animal-cruelty laws.”

Remember the new law during your trips to NJ.

Training Challenge

Do you want a challenge to increase your dog's mental stimulation? Shaping can do that! This months' shaping challenge is to teach your dog “In”.

What do you need?

1. Your Dog
2. Clicker or verbal cue like yes.
3. Treats and / or tug toy
4. Something for your

dog to get “In”.

Start with something large like a box, once the dog learns this behavior generalize it in different habitats and to different objects. You can also increase the challenge, by decreasing size.

Things to keep in mind: What are your criteria? Does “In” mean standing, or sitting? Can the dog get out without a cue? Keep your sessions short

to keep up the enthusiasm

New Staff Member

Hi, I'm Kristin Anderson, the newest member of the Academy's staff. My new role is Social Media Management. Simply put, I'll let you know what we have happening at the Academy.

To give you a quick background on me: I am new to the dog training and dog sports world. I have a 2 year old Australian Shepherd, Kody. When

Kody was a puppy, I quickly learned we needed training and he needed a job to do. That took me to the Academy, from there we've become active participating in Swimming paws, Advanced Agility, and various events at the Academy.

I still have a lot more to learn and am glad to be doing so with this great community.

If you ever have any suggestions or comments on how to improve in my new role don't hesitate to reach out to me.

Hope to see all of you at the Academy!
